

## OUR TEAM WORKS FOR YOU

Helping you enhance your business through innovative and cost-effective technology solutions

### OUR COMPANY

Since 1996, Trillium Teamologies, Inc. (TTI) has been a high integrity technology and creative solutions company, which is dedicated to delivering the best of breed solutions that support your business needs and processes. TTI provides scalable, business-driven solutions, services, systems and products that meet your evolving business needs, so your company can be more productive, profitable, and competitive.

### OUR PEOPLE

Trillium has assembled and maintained a premier team of professionals, which has proven to be the cornerstone of its success, as well as their most valuable asset in developing long-term relationships with customers and technology partners. This team is made up of a group of certified technical consultants with focused competencies in emerging and complex technologies. Consistently trained to stay proficient in the latest technologies, our team holds numerous certifications from industry leaders such as Microsoft, SAS, HP, Cisco Systems and many others. With extensive qualifications and best practices knowledge, our consultants are able to effectively deliver best of breed solutions for your business.

“TRILLIUM HAS DEMONSTRATED SIGNIFICANT EXPERTISE AND EXPERIENCE IN IMPLEMENTING MICROSOFT-BASED BUSINESS SOLUTIONS WITH KEY PRODUCTS SUCH AS SHAREPOINT, .NET, CLOUD SERVICES, EXCHANGE, WINDOWS SERVER (INCLUDING HYPER-V) AND SYSTEM CENTER.”

**JIM BROWN**, Strategic Partner Account Manager  
Microsoft Corporation
